If you are not logged into the hospital secure network you can also access policies via the link below and then selecting “UNM Hospital” and the “UNM Hospital Policy Library Access”:

<https://unmhscportal.policymedical.net/policymed/portal/index>

To find and view documents, click on desired site and search, or click on the round button for library access. To take action on a document, click on Registered User and log in using standard credentials. To access the Medical Group policy site from any HSC networked device or VPN, go to the HSC Policy Office and click on Medical Group Site link.
