

OB Triage Provider Attestation Tipsheet

Notes written by students only

- **=attest_attending/app_sup_student**
- Attendings document **all procedures including NSTs/ US below the attestation** using =obnst or =obuslimited
- Move the NST/US from the student's note and paste below the attestation

Notes written by students and residents

- 1st, resident attests to student's note
=attest_resident_sup_student
- Then, attending attests to the note from student & resident
=attest_attending_sup_studentandresident
- Procedures (NST and US) are moved to below the attending attestation (=obnst, =obuslimited)

I saw and examined the patient on the above date of service and discussed the care with the student & resident....

NST was done for the reason of : fetal well being

Findings were:

Baseline heart rate of 125 bpm

Variability was moderate

Fetal heart rate accelerations were seen.

Fetal heart rate decelerations were not present.

*Interpretation of NST testing
reactive*

Notes written by residents only

- **=obatttriage**
- Choose the drop downs to agree with the NST and US documented in the resident's note

Remember

- NST and US must be attested by an Attending or won't be billed
- Notes must be signed within 3 days of patient care
- Verify note is type "Clinic Note- OB Triage" when signing
